

Prospectus Of Vocational Training

Eligibility : Diploma/ B.Tech (C.S/I.T), PGDCA Students

Duration : 45-60 Days

SSAK'S Summer/Vocational Training is 100% practical oriented training for student pursuing degree/diploma. This is very important for bridging the gap between industry and academic curriculum. SSAK provides best training because our training is designed by professionals that work with us. In the training SSAK experts nourish the students in such a way that they become expertise in their field. And at the end of the training, you feel confident whatever you have learnt. Colleges give long vacations in summer so this summer period is best utilization of learning new technologies of our field.

This 2 months training session is divided into total 7 phases.
